AI PROJECT
AIO 101

Supervised by
DR.Ahmed Emam
Eng.Ismail Ahmed

Project idea

Data cleaning using gui python.

GUI In Python

 GUI stands for Graphical User Interface, and refers to computer programs that provide a visual means for users to interact with an underlying application or system. For example, the GUIs on our mobile phones allow us to interact with different functions through the display, which we can touch, tap, and swipe on.

Steps to Start Digital Marketing

- [x] **upper case button**

  change all the text to upper case

- [x] **lower case button**
